SKILLS

- ❖ Data Structures & Algorithms
- ❖ HTML, CSS, Javascript
- ❖ Node.js
- ❖ Express.js
- ❖ MongoDB
- ❖ MySQL
- ❖ Git & Github
- ❖ Java

EDUCATION

- ❖ Bachelor of Engineering (Computer Engineering) |
Genba Sopanrao Moze College of Engineering, Pune CGPA: 7.15 | (Aug '23- jun '27)
- ❖ XII (HSC) | Jagruti Jr. College, Gadhinglaj 70.83% | 2023

EXPERIENCE

- ❖ **Training Intern | Elite Software** (Jan 2026 - Feb 2026)
 - Developed "My e-Village", a full-stack web application designed for rural digital connectivity using Python, Django, and Bootstrap.
 - Engineered relational database structures using SQLite to securely manage and query community-driven data.
 - Handled end-to-end production deployment and server configurations to launch the live application via cPanel Web Hosting.

ACADEMIC PROJECTS

- ❖ **Simon Says Game | HTML, CSS, JavaScript**
 - Built a responsive memory game using JavaScript with random sequence generation, user input validation, level progression, and restart functionality.
 - Applied DOM manipulation, event handling, arrays, and game state management to create an interactive browser-based application.
 - **Tech Stack:** HTML5, CSS3, JavaScript, DOM Manipulation, Git, GitHub.
- ❖ **Airbnb Clone | MongoDB, Express.js, Node.js, EJS**
 - Built a full-stack Airbnb-inspired web application with secure user authentication, property listing management, and RESTful CRUD operations.
 - Implemented image uploads, form validation, responsive UI, and authorization to provide a complete property rental experience.
 - **Tech Stack:** MongoDB, Express.js, Node.js, EJS, Bootstrap, JavaScript, HTML, CSS, Git, GitHub.

POSITION OF RESPONSIBILITY

- ❖ **Google Gemini Student Ambassador | Campus Representative** (May 2026)
 - Selected as the primary campus liaison to lead grassroots AI technical adoption, literacy programs, and developer initiatives across the university.

- **Organized and hosted technical workshops, coding bootcamps, and hackathons**, teaching peers how to integrate Generative AI tools into engineering workflows.
- **Cultivated an active student developer community**, managing event logistics and representing your college within Google's broader student network.

ACHIEVEMENTS / HOBBIES

- **Selected as Google Gemini Student Ambassador** from a competitive pool of applicants to represent campus AI initiatives.
